

## New Redesigned Jenn-Air® Built-In Refrigerators

*Available in four designer-inspired finishes with features that blend purpose, performance and style*

Jenn-Air® Home Appliances introduces its new line of built-in refrigerators that deliver both precise performance and premium design that fit seamlessly with any décor and kitchen style. Available as part of four unique kitchen suites, the built-in refrigerators feature a sleek new (optional) integrated ice and water dispenser. These side-by-side-style refrigerators are offered in 42 inch (106 cm) and 48 inch (122 cm) sizes to accommodate the design needs of your customized kitchen.

### **Designer Style**

- Sleek New Integrated Dispenser (dispensing models): Neither function, nor style were compromised in the development of this feature – the dispensing unit is flush-mounted to the door for seamless design with an advanced integrated LCD dispenser for premium performance.

### **High Performance**

- Precision Temperature Management™ System with Variable Speed Compressor: Dual sensors offer independent control of the refrigerator and freezer temperatures allowing temperatures to be kept within a set range, which helps to extend food's freshness.
- Storage Bin with Advanced Climate Control™ Technology: Electronic controls with precise pre-programmed temperatures can be set to help extend the freshness of foods that have different refrigeration requirements including: cheese, fresh produce, fresh herbs, berries, meats and beverages.

### **Thoughtful Touches**

- Ice Dispenser with Removable Bin (dispensing models): Innovative design places the ice dispenser right in the freezer door saving you valuable freezer space by eliminating the bulky conventional ice bucket.
- Glass-Touch Electronic Controls with LED Display provide precise, independent control of temperatures in the refrigerator and the freezer. Features and indicators include: rest mode, max cold, water filter indicator, door alarm, over temp alarm, call service.

---

### **Availability:**

Jenn-Air® built-in refrigerators are now available at select appliance retailers across Canada including Coast in Western Canada, Maytag Stores in Ontario, and Corbeil in Quebec. For a complete list of dealers, visit [Jenn-Air.ca](http://Jenn-Air.ca).

## Manufacturer's Suggested Retail Price

Non-dispensing models (depending on selected finish) range from \$7,299 to \$8,399.

Dispensing models (depending on selected finish) range from \$7,599 to \$8,749.

---

### **Euro-Style Stainless**

The smooth lines of the wrapped stainless steel doors with sleek stainless steel handles provide a refined, versatile look that is suitable for both contemporary and traditional style kitchens.

### **Pro-Style® Stainless**

Industrial-grade stainless steel doors and distinct diamond-etched handles give this refrigerator an angular, commercial appeal that nicely complements a modern kitchen design.

### **New Oiled Bronze**

The rich, burnished bronze finish with sleek stainless steel handles and hardware give this exclusive finish the versatility to pair with warm colour palettes and modern neutrals. The Oiled Bronze finish is only available in the non-dispensing model.

### **Overlay**

Customize your kitchen with an overlay-style refrigerator that is tailored and personalized to blend with the exterior of your custom cabinetry. Overlay models require custom-made overlay panels and handles.\*

\*Panels and handles not included.

## **About Jenn-Air® Home Appliances**

Since the introduction of the first self-ventilated cooktop in 1961 and downdraft ventilated range in 1965, Jenn-Air® Home Appliances has consistently built on its reputation as a technology and design innovator. Its selection of style options includes two distinct stainless steel collections and two cutting edge finishes: Floating Glass and Oiled Bronze. From downdraft cooktops, wall ovens and professional-style ranges to dishwashers, refrigerators and such entertaining essentials as warming drawers, built-in ice machines and wine chillers, Jenn-Air® Home Appliances offers a complete line of major kitchen appliances. Visit [Jenn-Air.ca](http://Jenn-Air.ca) for more information.
