

Fact Sheet: Jenn-Air® Premium Suites

Jenn-Air® Home Appliances delivers both designer style and precise performance to meet exacting standards through its exclusive line of appliance suites that are designed for entertaining and impressing neighbours, friends and family. Jenn-Air® appliances allow designers and consumers alike to bring their dream kitchen design to life through four unique and distinctive premium suite styles:

Oiled Bronze

The rich, burnished bronze finish with sleek stainless steel handles and hardware give this exclusive finish the versatility to pair with warm colour palettes and modern neutrals.

Floating Glass

The sleek and sophisticated Floating Glass suite stands out with a distinct contrast. Clean, high-gloss surfaces provide a solid presence with complements of gleaming stainless steel for just the right amount of shine.

Pro-Style® Stainless

Industrial-grade stainless steel doors and diamond-etched handles give this suite an angular, commercial appeal that nicely complements a modern kitchen design.

Euro-Style Stainless

The smooth lines of the wrapped stainless steel doors with sleek stainless steel handles provide a refined, versatile look that is suitable for both contemporary and traditional style kitchens.
