BOUND BY NOTHING™

It started with a rebel. In 1965, Lou Jenn challenged convention and physics itself to pioneer the idea of downdraft technology. By eliminating the need for an overhead hood, Lou Jenn's invention cleared the way for open concept living, transforming kitchen design forever. His defiance is in our DNA, revolution is our origin story, and this is our altar for progress.

Join the rebellion.

SEIZE THE KITCHEN.

SEIZE THE THRONE.

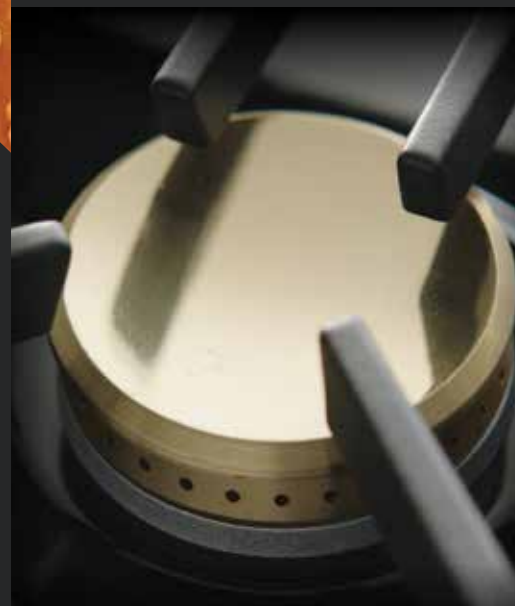

THE DEFIANT EXPRESSION
BY JENNAIR

RISE™

RISE™ Design Expression features warm mixed metals, and dramatic design features that bridge the worlds of professional and posh. This is strength—inextricable from beauty. Forged in the fires of progress, the RISE™ design expression towers over stagnant, uninspired designs that have inherited undeserved standing.

JennAir® offers seemingly endless creativity and design options, including 34 professional-style range configurations, 14 rangetop configurations, 26 wall oven combinations, over 250 column refrigerator configurations, and a full urban living suite to fit smaller luxe spaces.

HARDCORE CRAFTSMANSHIP

DETAILED PERFECTION

Dual-stacked burners, precision-drilled from solid brass. Asymmetric diamond grips etched in solid steel constructions. This is a new standard of excellence.

MASTERFUL HANDLE

Smooth, textured, touchable. Wrapped in a riveting reverse knurl, these handles were made to be grasped.

DEFIANT BEAUTY

DESIGNED TO RULE

Rise™ features warm mixed metals, and dramatic design features that bridge the worlds of professional and posh. This is strength—inextricable from beauty.

DARING OBSIDIAN INTERIOR

Illuminated by over 650 LEDs, this dark finish erupts with reflective, high-contrast style. Reject the unfeeling, lifeless vessel of harsh steel. Let fine foods emerge like vibrant art, begging to be devoured.

EXCEPTIONAL PERFORMANCE

POTENTIAL UNLEASHED

Seize the kitchen with 360° performance that eclipses every expectation of professional luxury. Master your cooking with precise heat control of dual-stacked gas burners, and steady heat waves around each flat tine of your oven with dual-fan convection. Revel in the trinity of food preservation: three temperature zones, three precision sensors, calibrated every second.

ABSOLUTE TRANQUILITY

True luxury turns heads at a whisper. From 38 dBA dishwashers across our entire line to drawers and racks that glide serenely closed, JennAir is turning the volume down so provocative design is the only thing that speaks.

OUTSMART THE PACK

TRUE CONTROL

Preheat. Check cooking status. Personalize settings. Connect to WiFi for real-time notifications and control your appliance from anywhere. Tap and swipe on both iOS and Android devices.*

* Appliance must be set to remote enable. WiFi & App required. Features subject to change. For details and privacy info, visit jennair.ca/connected.

CULINARY INTELLIGENCE

With step-by-step support, savour the full culinary experience backed by customized algorithms, featuring full-colour food photography, doneness levels, pan types and menu-specific tips. My Creations enables you to curate recipe presets at will. Bake for 30 minutes, broil for 4 and keep dishes warm until you're ready to dine – all without lifting a finger.*

* Professional-style range must be set to remote enable. WiFi & App required. Wall Oven features can be accessed through both the JennAir® App and the oven LCD display. Features subject to change. For details and privacy info, visit jennair.ca/connected.

SERVICE

JENNAIR EPICENTRE – AT YOUR SERVICE

Our crew relentlessly engages with JennAir® appliances day in, day out. Initiated in rigorous product, process and culinary training, this team answers to you – from sales to installation to ownership.

We have also narrowed down our dedicated service network to only the most experienced providers. Armed with extensive access to products and knowledge, their expertise is unmatched.

SMART INTEGRATION COMING SOON

Easy smart appliance commands are here. Control your select JennAir® appliances* no matter what you've got on your hands with simple voice commands using a Google Assistant enabled device, like Google Home.†

Just say "Hey Google" to get started.
Oven Commands:

1. Start [oven name] - Note: Will set to bake, 350°F default temperature.
2. Set the [oven name] to [bake, broil, convection bake, convection roast, warm, preheat] - Note: Bake/preheat modes will default to 350°F.
3. Preheat [oven name] to ___ degrees - Note: Use to change to a specific temperature for bake/preheat modes.
4. Turn off [oven name] - Note: Double cavity ovens are treated as separate ovens with separate names.

Oven Status

1. Is the [oven name] on?
2. What's the [oven name] set to?

* JennAir Minerva Wall Ovens, U2 Commercial Ranges.
† Google and Google Home are trademarks of Google LLC. Away signal can take up to two hours. Appliance must be set to remote enable. You will assign the appliance a name during the Google Home setup process. WiFi & App required. Features subject to change. For details and privacy info, visit jennair.ca/connect.

PROFESSIONAL -
STYLE RANGES

PROGRESS IGNITED

Bend fire to your will. Grills, griddles, brass burners.
Dual fuel or gas. Three widths. Four unique oven
combinations. With 34 total configurations, it's up to you.

GRILL

Grilling knows no season. Our founder's legacy is rekindled as we bring
grilling back indoors. Harness 16,000 BTUs of searing, even heat coursing
beneath cast iron grates.

STEAM ASSIST*

Add steam into the mix and lock in texture, flavour and nutrients as it envelops your meal. Insert dishes one, two, three at a time—flavours don't mingle here.

* Water line required.

JENNAIR® CULINARY CENTRE

With step-by-step support, savour the full culinary experience backed by customized algorithms, featuring full-colour food photography, doneness levels, pan types and menu-specific tips.*

* Appliance must be set to remote enable. WiFi & App required. Features subject to change. For details and privacy info, visit jennair.ca/connected

CHROME-INFUSED GRIDDLE

Cast off porous, superficially plated options. Go deeper. Infused with chrome, our griddle cleans up well after heavy usage. Underneath, a serpentine element powers our best griddle preheat. With a 1,320-watt element for even, precise heat, chrome lets you cook fast and prevents heat from lingering too long in your kitchen.

FLAT TINE RACKS

Each rack features dramatic, unexpected flat tines, delivering increased contact with cookware for exceptional heat transfer.

DUAL-STACKED POWER BURNERS

Two stacked, symmetrical flames bloom and retreat at your inclination, offering total control over heat levels. High-heat searing and wok cooking. Low, slow simmer and melt. Infinite intermediate settings satisfy every appetite.

HALO-EFFECT KNOBS

A halo of luminary LEDs glows softly when the burner is lit or the oven is on.

WALL OVENS

Master the incredible. Beyond a veil of dark glass, the staggering power of V2™ Vertical Dual-Fan Convection caresses every morsel with precise, even heat. With curated recipes and full-colour doneness images, an intelligent culinary experience awaits your touch.

UNTETHERED

7-INCH FULL-COLOUR LCD DISPLAY

Visually vibrant. This highly-interactive, full-colour display is packed with dynamic features that allow you to navigate effortlessly through settings and the JennAir® Culinary Centre.

V2™ VERTICAL DUAL-FAN CONVECTION

Dual counter-rotating vertical fans work in tandem, helping you wield your cooking prowess with everything from mouthwatering fillets to irresistible roasts.

IRRESISTIBLE INTERIOR

Captivation cloaked in black. Beyond a dark glass expanse, cinematic lighting illuminates smooth glide racks, flat tines, and an enticing jet black interior.

JENNAIR® CULINARY CENTRE

With step-by-step support, savour the full culinary experience backed by customized algorithms, featuring full-colour food photography, doneness levels, pan types and menu-specific tips.

Discover countertop cooktops that integrate seamlessly into your kitchen design. JennAir® cooktops come in styles and configurations that fit your look and culinary preferences.

BESPOKE

GAS COOKTOPS

A bold look. Commercial-style details. Powerful burners. Offering precise heat control, ideal for many cooking techniques.

RADIANT COOKTOPS

Indulge your untamed appetite for more with a radiant cooktop that unleashes heat at your command. Experience a surface that ascends to new levels of power and precision. Potent. Palatable. A force to be reckoned with.

INDUCTION COOKTOPS

Combining the precision of gas with the look of electric, induction cooktops are highly responsive as well as energy efficient. Break the confines of traditional elements with dynamic cooking elements. Unfettered by borders, dynamic elements respond to multiple sizes, making the cooktop your place to let loose. Pair with customized cooktops for more flavours to try and more ways to experience a surface that defies the mundane.

GAS RANGETOPS

Sealed brass burners. Precise, dual flames. Unmistakable firepower erupting through cast-iron grates. Turn on the heat without the click-click clamour, and seal and simmer to satisfy your deepest hunger.

MODULAR COOKTOPS

Design your own destiny. Gas. Induction. Wok. Griddle. Downdraft or updraft ventilation. Pair any module with select gas and induction cooktops.

Duct-free kit not included.

COLOURS: S: STAINLESS STEEL B: BLACK

Feature list represents a limited number of the features available for each product. For a full list of features & specifications, please visit www.jennair.ca
Dimensions are for planning purposes only. For complete details, see installation instructions packed with product.

Take your pick and inspire envy with commercial, wall mount, island mount, or downdraft ventilation.

HUSHED TONES,
SPEAK VOLUMES

PROFESSIONAL-STYLE VENTILATION

Style prevails with a brushed stainless steel finish that underscores your affairs.

ISLAND MOUNT VENTILATION

Provides optimal proximity to the cooking surface below, allowing for efficient ventilation.

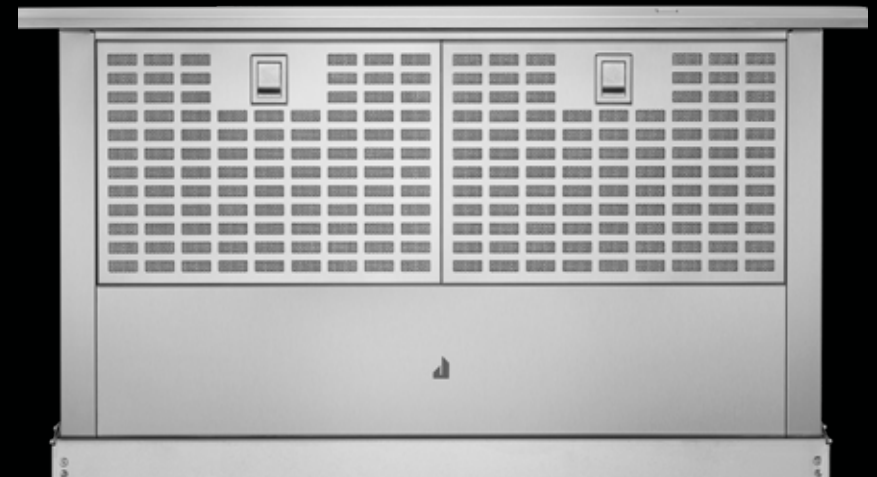

WALL MOUNT VENTILATION

The hood will blend seamlessly into your kitchen as a swirling vortex captures, scrubs and recirculates the air quietly.

DOWNDRAFT VENTILATION

Minimal design meets ventilation power to accommodate precise cooking needs. Pioneered by Lou Jenn, downdraft technology allows the vent to effortlessly appear at the lightest touch to unleash performance.

UNDER CABINET VENTILATION

Low profile hoods offer a more minimal-looking installation by installing directly underneath the cabinet situated above your cooking surface.

[‡] Installed externally from the hood but inside the house, under the floor or under the roof, this represents an ideal solution for noise reduction.

BREAK THE PLASTIC MOLD

Open your eyes to a column that redefines refrigeration. Daring Obsidian interior, triple-sensor climate, and smart home integration—our most provocative column refrigeration. Satisfy cravings in the quiet cool, which is controlled by precise calibration from three sensors. Revel in the daring Obsidian interior illuminated by light that comes alive as you touch the controls. Go ahead—intoxicate your senses. Open wide.

DARING OBSIDIAN INTERIOR

Inspired by volcanic glass, this dark finish erupts with reflective, high-contrast style. Stop the whitewashing. Let fine foods emerge like vibrant art, begging to be devoured.

ADAPTABLE INSTALLATION

New construction. Replacing built-ins. Upgrading from subpar models. Our columns smoothly adapt to installation site situations, thanks to multiple utility areas.

EMOTIVE CONTROLS

Dominate your domain. This waist-level panel challenges the idea that controls should be out of reach. Customize every zone to your desires.

SOLID GLASS AND METAL

All-metal bins and shelf frames. Thick, naturally odour-resistant solid glass. A forcefield at the edge that prevents spillovers. To hell with cheap plastic in luxury designs.

ECLIPTIC LIGHTING

Live beyond the shadow, live beyond puck lighting. Over 650 LEDs frame and fill your column, coming alive at a touch of the controls. Each item illuminates in dramatic glory.

HUSHED ACOUSTICS

Unheard of. We're decibel for decibel one of the quietest leading luxury built-in columns out there. Casting off abrupt start and stop cycles, our columns ditch swings in temperature and humidity, running unobtrusively in the background. Brilliance doesn't have to announce itself; it just is.

DIVINITY FREEZING

One provocative air tower. Two precision sensors. Calibrated every second. Keep freezer temperatures from swinging and spirits impeccably chilled.

TRINITY COOLING

Revel in the trinity of food preservation: three zones, three precision sensors, calibrated every second. Fortified by an exposed air tower, you can conquer humidity levels and customize the temperatures of each zone to your deepest desires.

BUILT-IN AND
FREESTANDING
REFRIGERATION

OPEN
YOUR
EYES

Discover the seamless built-in refrigeration with optional custom panels that blend into cabinetry, designed to keep ingredients superbly fresh.

TWINFRESH™ CLIMATE CONTROL SYSTEM

This system creates two distinct environments, ideal for both fresh and frozen foods' different preservation needs. It creates cool, humid air in the refrigerator and produces dry, frigid air in the freezer.

DARING OBSIDIAN INTERIOR

Inspired by volcanic glass, this dark finish erupts with reflective, high-contrast style. Stop the whitewashing. Let fine foods emerge like vibrant art, begging to be devoured.

FULLY FLUSH, FULLY INTEGRATED DESIGN

This integrated built-in refrigerator fits beautifully into any decor, blending into custom cabinetry with a truly seamless appearance, reflecting your appreciation for the fine details of design. Must be installed in a 25" deep cabinet to achieve the fully flush look.

FULL HEIGHT PANEL

Clean lines. Elongated silhouettes. No need for a separate panel to conceal the air grille—just sleek styling that melts into its surroundings.

MULTI-POINT LED THEATRE LIGHTING

Multiple LED lights increases visibility and beautifully showcases food items against the Obsidian interior, on both Elegance Shelving and inside refrigerator and freezer drawers.

LIGHT-GUIDED CAPACITIVE TOUCH CONTROLS

With the slightest touch, intuitive, light-guided controls easily direct through menu settings by using highlighted portions of the control panel.

UNDERCOUNTER
REFRIGERATION

ENTERTAINING REDEFINED

Make room for guilty pleasures. Let temptation flow.
You say when the party ends. Undercounter options bring
inspiration to life, creating a natural fit—no matter the size.

UNDERCOUNTER REFRIGERATOR & BEVERAGE CENTRE

Every delicious morsel is tucked behind a thermal glass door, nearly floating on solid glass and awash in soft LED light. Let refreshments—liquid or otherwise—wait in chilled bliss.

DARING OBSIDIAN INTERIOR

Inspired by volcanic glass, this dark finish erupts with reflective, high-contrast style. Let the object of your desire emerge like vibrant art, begging to be consumed.

INDEPENDENT TEMPERATURE ZONES

Compose ideal climates for choice beverages, wines or tempting bites. Two temperature zones and multiple curated presets await your command, whether you have a wine cellar, beverage centre, or refrigerator.

WINE CELLAR

Let temptation flow. Behind a dark thermal glass door, marquee lighting exposes every label of your private reserve. Up to 45 carefully cradled, precisely chilled bottles wait for the moment you give in. Twist. Pour. Drink deep.

ARTICULATING HINGE ICE MACHINE

Sip away. A supply of crystalline ice melts slowly for undiluted joy. With the unbroken silhouette of stealth flush design and a system that skims minerals away, you're free to focus on entertaining.

STEALTH FLUSH DESIGN

Create an unbroken silhouette. Discreet 1/8" reveals envelop every side, without exposed hinges or trim pieces.

DON'T MISTAKE SILENCE FOR WEAKNESS

Inside, a storm rages, as relentless power and technology bring every dish and glass to a state of supreme clean. Outside, tranquility, with sleek lines wrapped in high design. Experiential ease. Tech connected. This is the quietest luxury dishwasher brand – period.

REMOVABLE THIRD-LEVEL RACK

This removable, adjustable top-most third rack holds unwieldy spatulas, whisks and ladles, or can be used for overflow silverware.

ULTRAGLIDE LOWER RACK

The strong and stable type. This adjustable lower rack glides smoothly on high-end rails.

38 dBA* TRANQUILITY

Listen to the hush. At 38 dBA*, JennAir® is the quietest luxury dishwasher brand, all without sacrificing performance.

* Per I.E.C. standards.

TRIFECTA™ WASH SYSTEM

No need to choose between brilliant cleaning, water/energy reduction or quiet operation because our dishwashers deliver all three. Three-stage filtration, pressurized wash arms and alternating wash action in two zones yield superlative results.

Find a kitchen suite that lets you do more in less space. The JennAir Urban Living collection combines the latest in kitchen décor with cutting edge technology.

Draw no lines. Abandon all barriers. With flexible features and flawless installation, the products in this lineup blend seamlessly into some of the most unexpected places. When it comes to traditional luxury appliances, Urban Living refuses to follow the rules.

ANYTHING
BUT
STANDARD

STEAM OVENS

Up for anything. Whether you want steam, convection, or both, at 24-inch wide and requiring only a 120-volt connection and no plumbing, these ovens can be installed throughout the home. Let your imagination run wild.

WALL OVENS

Break convention. High-rise studios, home theatres, yachts, you make the call. These 24-inch wall ovens have the features and connectivity of JennAir® full-size products, scaled to suit and ready for curation.

BUILT-IN COFFEE

Bold flavour. Rich crema. A heavenly aroma. From expertly crafted espresso to frothed milk cappuccino, the JennAir® built-in coffee system is calibrated precisely to prepare coffee on demand, refined to anyone's taste. Brew luscious espresso with customized strength, temperature and grind. Sip. Savour. The perfect cup awaits.

WARMING DRAWERS

A gentle push of the JennAir® warming drawer reveals a graceful, tempered glass bottom. Designed to pair perfectly with other Urban Living products, the warming drawer expertly keeps coffee cups, plates, and finished dishes toasty.

SPEED OVENS

What you want, when you want it. The JennAir® speed oven combines true convection with microwave energy. Behind a diamond-brushed stainless steel exterior, broil, bake or warm up anything you dream up.

A LINE-UP
WITHOUT
LIMITS

THE JENNAIR

OWNERSHIP EXPERIENCE

DESIGNED TO MEET THE HIGHEST POSSIBLE STANDARDS. YOURS.

Like you, we have never settled for the ordinary
when the extraordinary can be achieved.

JENNAIR CERTIFIED INSTALLERS

Handpicked for their professionalism, expertise and dedication, JennAir Certified Installers will install your new appliances to our rigorous standards, helping ensure that they deliver optimal performance for years to come. Choosing JennAir Certified Installation includes another valuable benefit:

YOU WILL RECEIVE A COMPLIMENTARY ONE-YEAR CERTIFIED CARE™ EXTENDED SERVICE PLAN

Together with our standard two-year manufacturer's warranty, your appliance will be protected for a full three years.

1. To find your nearest JennAir Certified Installer, visit jennair.ca/install, or call 1-800-JennAir (536-6247).
2. Upon installation, your installer will provide you with a unique Verification Code, and show you how to register your appliance.
3. Use this Verification Code to register and claim your complimentary extra year of protection.

Find your nearest JennAir Certified Installer at jennair.ca/install or call 1-800-JennAir (536-6247).

MYJENNAIR

MyJennAir is your personalized, one-stop source for everything from product information to special offers, and much more. Create an account today and get even more from JennAir® appliance ownership.

AT MYJENNAIR, YOU WILL ENJOY:

- Important product information. All of your manuals and care guides can be found in one easy-to-access location, so that you can get the most out of your appliances.
- Inspirational content. Culinary tips and home entertaining ideas from renowned chefs and fellow foodies.
- Exclusive invitations. Receive unique promotions from our partner brands and invitations to attend special events in select cities.

Create your account today at registration.jennair.ca

SERVICE FROM A SELECT FEW – JENNAIR EPICENTRE

Our crew relentlessly engages with JennAir® appliances day in, day out. Initiated in rigorous product, process and culinary training, this team answers to you—from sales to installation to ownership.

We have also narrowed down our dedicated service network to only the most experienced providers. Armed with extensive access to products and knowledge, their expertise is unmatched.

YOUR JENNAIR CUSTOMER CARE EXPERT CAN HELP:

- Answer any technical questions concerning your JennAir® appliance
- Find the right accessories and parts for your appliance
- Schedule a service call with a Qualified JennAir Service Provider at your convenience
- Register your JennAir® appliances
